THE ESCAPE ARTIST

Thriller

THE ESCAPE ARTIST

Will Burton is a junior criminal defense lawyer who specializes in getting people out of tight legal corners... hence, his nickname "The Escape Artist". Will is in demand, as he has never lost a case. With a loving young family and promotion to the Queen's Counsel in his future, everything is on the up-and-up.

Will's next case sees him defending a man named Liam Foyle, who has been charged with the horrific murder of a young woman. The evidence against Foyle is overwhelming, but Will, being who he is, gets the man off on a technicality. It is almost like he cannot help but be brilliant.

For the first time in his career, Will questions the morality of what he does and fails to shake Foyle's hand at the end of the trial.

Foyle is released. He is a serial killer. His next victim is only a matter of time. And now, his attentions have turned toward Will.

Will's brilliance comes back to bite him with unexpected and chilling results. Not to mention a shocking twist in the tale.

A thriller set in the legal world that is as much about primal feelings as it is about the twists and turns of the case. In "The Escape Artist", the law is not just an intellectual exercise. Scratch under the surface and it is all blood and guts.

The Escape Artist

Thriller
